

E-SCOOT TO WORK

ACT
Government

Transport
Canberra

DID YOU KNOW?

Canberrans are early adopters of emerging transport trends, and legalising e-scooters and other personal mobility devices for private use on our paths is one way the ACT Government supports this.

Our shared e-scooter scheme has proven very popular with over 2.1 million trips taken in the first two operating areas of Belconnen and central Canberra.

In September 2022 we further expanded the scheme to include Gungahlin and Woden linking the north to the south. Expansion is planned for other regions of Canberra.

E-scooters provide the community with more travel options and better connections to public transport ahead of traffic disruption associated with construction of major infrastructure projects in the city.

WHY SCOOT?

SAVE MONEY

ON FUEL, PARKING,
AND VEHICLE
MAINTENANCE COSTS

IMPROVE YOUR HEALTH

HAVE FUN, IMPROVE YOUR
FITNESS, MENTAL HEALTH &
WELLBEING

SAVE TIME, SAVE STRESS

NO PARKING HASSLES,
ROAD DELAYS OR TRAFFIC
CONGESTION

IMPROVE OUR LIVEABILITY

REDUCE GREENHOUSE GAS
EMISSIONS
